EV Registrations Skyrocket

In the first three months of 2022, over 158,000 electric vehicles (EVs) were registered across the country-- that's a 60% increase! Between 2020 and 2021, the sale of EVs and plug-in hybrid vehicles nearly doubled, with EVs accounting for 73% of all sales. EV ownership has grown

exponentially in the past 10 years, reflecting a growing concern for the environment and climate change.

MEMBER SPOTLIGHT

Kai Palmer-Dunning

Kai is originally from Roxbury and currently resides in Jamaica Plain. He works as the Director of EJ Air at HEET (Home Energy Efficiency Team), where he supports residents of Dorchester, Roxbury, and East Boston to improve home insulation and access energy efficiency upgrades. In his free time, Kai likes to go out to restaurants, read, and visit museums.

While the MBTA can usually get him where he needs to go, Kai plans on using Good2Go cars to travel farther outside the city. Kai already has some beach trips planned this summer with his friends and his dog. For the winter, he can't wait to travel up to the mountains to go snowboarding! Good2Go is here for Kai year-round and for any occasion.

Eversource Walk for Boston Children's Hospital

On June 12, Good2Go joined Eversource at the 20th Annual Walk for Boston Children's Hospital where participants raised over \$1.1 million for children in need. The Good2Go team was there to cheer on walkers, pass out keychains, and talk with new and old members. A lovely way to spend a sunny Sunday with the community!
