Stephanie Davis

MEMBER SPOTLIGHT

Stephanie moved to Boston from the Bronx at 4 years old and has lived here ever since. She currently works at Power to Create (PTC) as a Data Governance Analyst. A few years ago, Stephanie used to work at Best Bees in Boston managing data projects and helping NASA with their food security division. Community and environmentalism are key elements in her daily life. For fun, she likes to ride bikes, go swimming, and travel.

She joined Good2Go because, "the economics of owning a vehicle in a city doesn't make sense but having reliable

transport at my fingertips when needed is ideal.” Stephanie is planning on using Good2Go cars for grand shopping excursions, getting her cats’ nails trimmed, and doing hauls from Home Depot!

What is an RFID Card?

RFID Cards (Radio Frequency Identity Cards) allow you to **initiate a booking by tapping the card against a card reader** on the vehicle.

We use these to start and end bookings at **Boynton Yards** in Somerville.

Look out for these labels!

EV Carsharing in MN

The Twin Cities of Minnesota, Minneapolis and Saint Paul, officially launched their electric vehicle carsharing network **Evie Carshare** in partnership with the nonprofit carshare provider HourCar.

This program aims to serve residents that are unemployed, underemployed, or low-income, and those without cars. Their network currently has over 170 vehicles at 70 charging stations predominately located in low-income areas in accordance with the input from the local communities.
